Fast Printing Cutting Solutions

SOLUTIONS

## Advantages

- 1 /** Auto Feeding System No Manual Intervention: Automatic Feeding System, Automatic Cutting System, Automatic Receiving System, Camera Positioning System, Conveyor Table
- 2 /** Quick and Accurate Cutting: Thorough Cutting, Kiss Cutting, Creasing, Marking
- 3 /** Software Advantages: Smart and Intelligent Software realized Easy Operation. Powerful R&D Ability Can Meet Customers' Special Cutting Requirements.
- 4 /** Exclusive Adsorption Technology, Low Noise, Low Energy Consumption

## Parameters

Model	DF0906
Active Cutting Area	600 x 900 mm
Working Table	Conveyor Table
Material Feeding Method	Holding and Feeding by Vacuum Suckers
Installed Tools	Cutting Tool, Crease Wheel, CCD, Pen (Needle)
Barcode Reader	Barcode reader & QR code reader
Cutting Speed	1000mm/s
Cutting Thickness	≤1.5mm (depends on cutting materials)
Cutting Repeat Accuracy	±0.1mm
Allowed File Format	DXF, HPGL, CUT, ISO, PLT, PDF, XML
Data Transmission	LAN
Power Supply	220V
Air Pump Power	2.2KW
Working Environment	Temperature 0-40°C, Humidity 20%-80% no condensation
